ABS Quality Evaluations – USA

ABS Quality Evaluations

Certificate Of Conformance

This is to certify that the Quality Management System of

APC INDUSTRY CORPORATION

No. 10, Road 22, Linh Chieu Ward,
Thu Duc District,
Ho Chi Minh City 71307
Vietnam

has been assessed by ABS Quality Evaluations, Inc. and found to be in conformance with the requirements set forth by

ISO 9001:2015

The Quality Management System is applicable to

PROVISION OF DESIGNING, ASSEMBLY, MANUFACTURING, ENGINEERING SERVICES AND DISTRIBUTION OF POWER, AUTOMATION, COOLING, LIGHTING PRODUCTS AND SYSTEMS

This certificate may be found on the ABS QE Website (www.abs-qe.com). For certificates issued in the People's Republic of China information may also be verified on the CNCA website (www.cnca.gov.cn).

Certificate No: 58544
Effective Date: 29 November 2018
Expiration Date: 28 November 2021
Issue Date: 29 November 2018

Alex Weisselberg, President

ANAB IAF

Validity of this certificate is based on the successful completion of the periodic surveillance audits of the management system defined by the above scope and is contingent upon prompt written notification to ABS Quality Evaluations, Inc. of significant changes to the management system or components thereof.

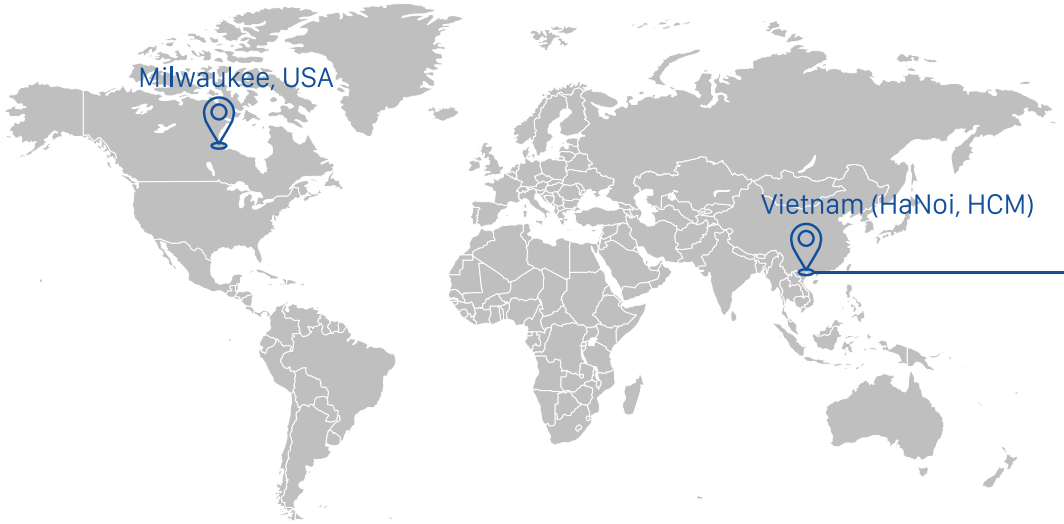

ABS Quality Evaluations, Inc. 1701 City Plaza Drive, Spring, TX 77389, U.S.A.
Validity of this certificate may be confirmed at www.abs-qe.com/cert_validation.

MISSION

We present leading global manufacturers for providing and supporting advanced products, system solutions and professional services to meet customers' budgets, expectations and requirements.

We provide efficient engineering services from Design, Manufacture, Installation, Testing and Commissioning, Project Management for systems including Automation, Electrical, Lighting, HVACR and Energy Saving Solutions

We provide a good design and manufacturing Switchgears, Motor Control Center Panels, Control Panels according to UL, IEC, JP standards

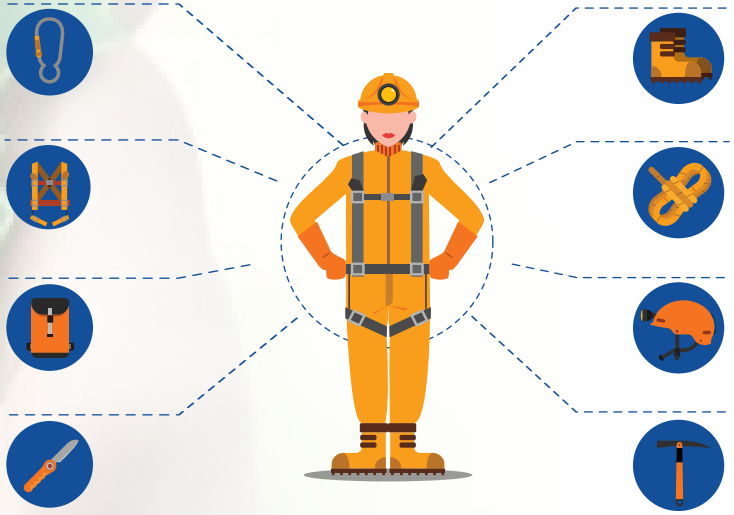

MISSION

To become one of the leading Engineering Solution Providers that provides advanced technologies, Professional engineering services and Creates energy efficiency solutions.

EHS & QUALITY

BUSINESS WITH BALANCE – IT''S OUR RESPONSIBILITY

APC Industry Corporation is strictly committed to provide the highest level of safety at all time. Corporate EHS policy has been developed and continually manage to meet the international EHS standard. We ensure all products we use and supply are environment friendly and safety guaranteed.

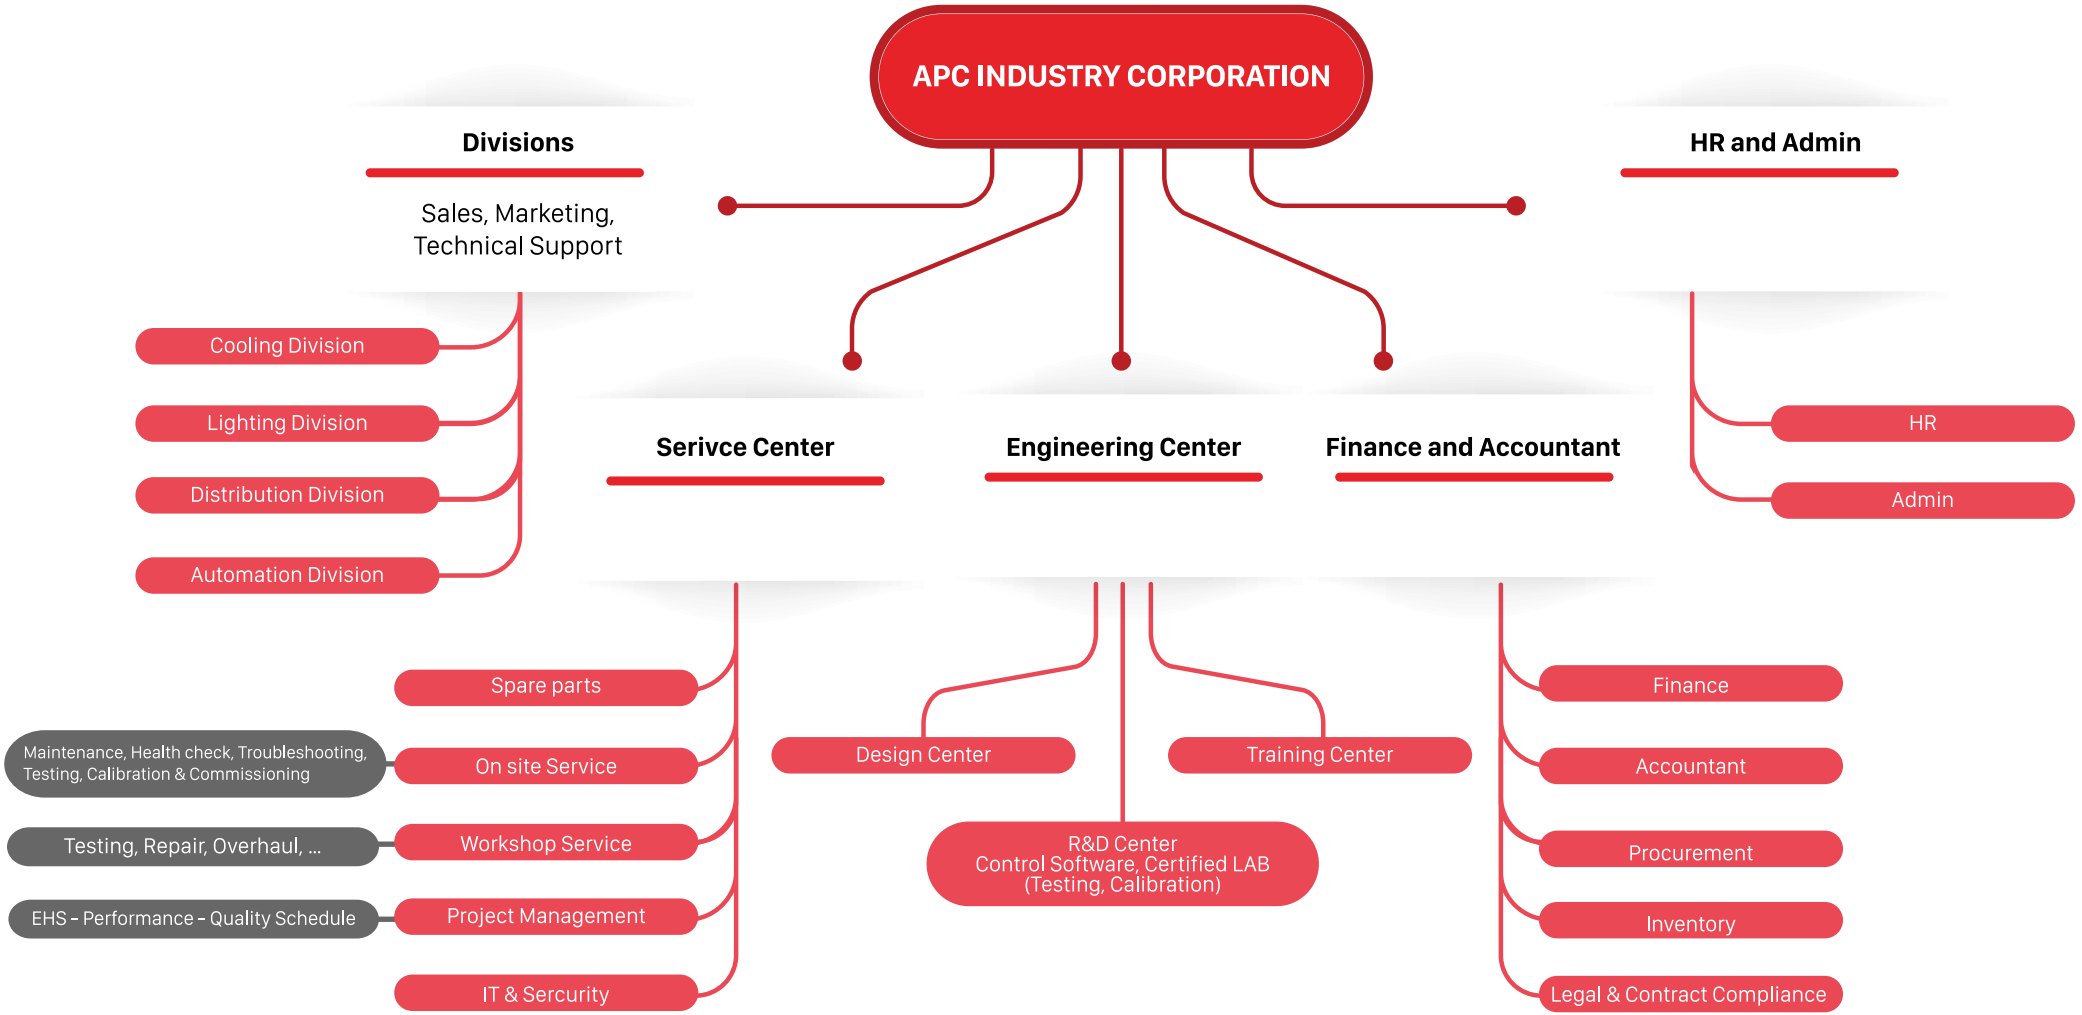

EHS ENVIRONMENTAL HEALTH AND SAFETY

Corporate EHS programs are binding for every employee, and we are dedicated to circulate our management system to the level of understanding of each employee; this is done through regular EHS training program for both site and office personnel

ENVIRONMENT **HEALTH** **SAFETY**

ORGANIZATIONAL CHART

ACHIEVEMENTS

We are proud of achieving many outstanding achievements in the fields of Integrated Automation, Drives, Motion Control, Power, Heating Ventilation Air Conditioning (HVAC), Refrigeration and lighting solutions to customers with a one-stop solution, from initial engineering design to completion that achieve best performance system. We guarantee customer's satisfaction with our services.

Danfoss TURBOCOR

SMARDT-POWERPAX

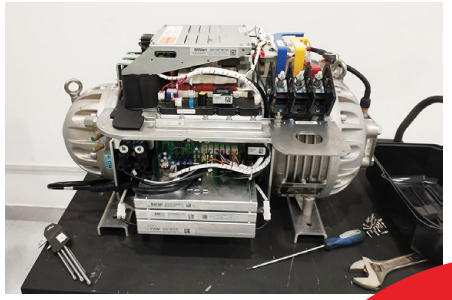

Smardt-PowerPax Announces Opening of
Regional Turbocor Service Centre for
Danfoss Turbocor Oil-Free Compressor Technology in Melbourne
May 2014

Smardt Chiller Group is proud to announce that in addition to being Danfoss Turbocor's sole accredited training partner in oil-free technology in Asia-Pacific, we have now opened the only Oil-free Compressor Service Centre in the region at Smardt-PowerPax facility in Melbourne, Australia.

Having already achieved regional market leadership in oil-free compressor technology in Asia-Pacific, Smardt Chiller Group's ability to service its customers will be further enhanced by its brand new state-of-the-art testing laboratory and compressor repair facility equipped with the purpose-designed diagnostic instrumentation and tooling for oil-free compression technology.

The Centre was established in close collaboration with the manufacturer of oil-free compressors Danfoss Turbocor Compressors Inc. and will operate as Danfoss Turbocor Compressors' sole and accredited testing and repair agent exclusively in Asia-Pacific region.

Smardt-PowerPax, based in Melbourne, Australia is a wholly-owned subsidiary of Smardt Chiller Group Inc., the largest manufacturer of oil-free liquid chillers in the world.

Installation supervisor, Site health check, troubleshooting, commissioning, maintenace

Engineering Consultancy System Designing

- APC gives professional advises on choosing products, correcting technical system, optimality of pricing for investors.
- APC offers solutions to upgrade energy efficiency in chiller plant.

Installation Supervisor

We guarantee customers' satisfaction with our services: Experiences – Professional services – Quality – Stringently following EHS (Environment - Health – Safety)

Testing & Commissioning

With experienced and well-trained technicians, We check the installation process, the system of machines, ensure to minimize technical errors and ensure the system works best when operating.

Operation Trainning

Proper operation of machinery system according to technical standards will ensure that the machinery system works well during operation.
After putting the machine into operation, APC has training instructions for customers

Maintainace

- For extending equipment life-span, saving energy consumption and protecting environment, APC will ensure the uninterrupted, efficiency, safety and stability system
- We provide periodical and standby maintenance service for bringing the best device's performance

Troubleshooting

We also supply crisis management service 24/7 for all unexpected crisis through periodic maintenance contract that will quickly repair and guarantee devices and system running constantly.

Spare Parts

APC parts centers are well stocked with a comprehensive array of replacement parts and accessories. Transactions are carried out quickly and efficiently.

Warranty Expansion

With experienced and well-trained technicians and engineers equipped with special tools, we provide a full range of services.
5 years warranty
